This is your personalized academic evaluation, an advising tool designed to assist you in planning for degree completion. The academic evaluation is not an official transcript, but an evolving review of credits appropriate to your degree. It remains your responsibility to satisfy all degree requirements as outlined in the Thomas Edison State College catalog. The academic evaluation identifies:

- 1) Requirements for your degree program
- 2) Transfer Course work and TESC equivalencies (if applicable)
- 3) TESC course work (currently enrolled and or in progress)
- 4) Planned Courses
- 5) Your GPA for courses applied toward your degree. This is only used to determine academic standing.
- 6) Notes from TESC staff appear at the end of the report (if applicable)

APPLICANTS: To ask general questions about your academic evaluation, please call 1-888-442-8372, option 2, number 3 or send email to info@tesc.edu.
